

## Householder application for planning permission for works or extension to a dwelling and Listed Building consent

### Validation Check List

It is very important for the National Park Authority to have sufficient information to be able to assess fully the impact of your proposal. Please complete the following sections and supply the information as far as they are relevant to the development proposed. If you wish to discuss the requirements please contact the Planning and Community Section of the National Park Authority. It is possible to combine information on plans.

If any of the boxes are not ticked and the information not submitted please explain the reasons. This explanation will be taken into account in deciding whether to request further information before your application can be registered.

Two copies of all the documents and plans are required unless the application and plans are submitted on line via the planning portal ([www.planningportal.gov.uk](http://www.planningportal.gov.uk)). It is preferable if plans are submitted in A3 or A4 form as this assists with both viewing the details on screen and is easier to scan documents thus making your application more easily registered.

**Please return this form completed with your application.**

Please include the following:
