## Explore Dunster

Enjoy the morning discovering the medieval village of Dunster with its wonderful collection of old buildings. Go to the Yarn Market in the High Street and find the cannon ball hole in the roof beam. See the Dunster Dolls Museum on the right towards the castle. Visit the Castle (01643 821314) and its sub-tropical gardens. Then go across to the Priory Church and the Dovecot, next to the Tithe Barn, now restored to serve as an impressive meeting hall.

With the Dovecot behind you, go to your right along Priory Green to the end by the school. Turn left along St George's Street to the end and turn right along the main road, West Street. Soon turn left down Mill Lane, soon following the mill leat to the end of the lane to the working Water Mill (01643 821 759).

Return along Mill Lane, shortly turning left along Mill Gardens, a footpath between bungalows, to the end and bear left along the road to reach Gallox Bridge, an ancient pack horse bridge. Either return the way you came, or cross the bridge and take the permissive footpath to the left beside the river, taking the next bridge over the river to then pass through the deer park and the grounds of the castle back to Dunster car park and village.

If you fancy a 3.5 mile, 2.5 hour walk then you can continue ahead to walk up Gallox Hill to Bats castle. A walk leaflet can be obtained from the National Park Centre.
